**Beat the
winter blues**
—
**Improve your
sleep**

Why use Luminette® ?

Beat
the winter blues

Boost your
mood naturally

Improve the quality
of your sleep

Light therapy has been recognized since 2005 by the American Psychiatric Association as the most effective therapy to beat the winter blues and to fight sleep phase problems.

«With Luminette®, I restore my energy level without changing my habits»

How to use Luminette® ?

Wear Luminette®
once a day

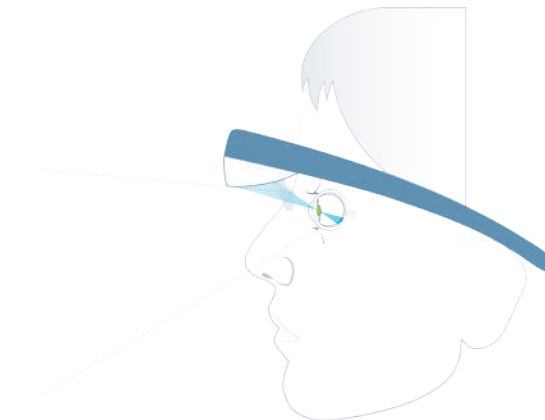

For
20 to 45 minutes

Feel rejuvenated
in 4 to 5 days

How unique is Luminette® ?

Luminette® uses a patented innovative optical technology: placed above eyesight, its beam of light is angled top-down, just as happens naturally under blue skies and allows user to keep their vision free.

What are the features ?

3 intensity
levels

Built-in
timer

Bluetooth
connectivity

Rechargeable
lithium battery
